Watchtree

NATURE RESERVE

Watchtree Nature Reserve is a haven for endangered wildlife and a valued community asset. Where else can you see Curlew, Skylark, Brown Hare, Great-crested Newt and Marsh Fritillary butterflies just a few short strides from the car? The reserve is open everyday during April-September (9:30am - 5pm) and weekdays and certain weekends at other times. Our regular activities include volunteer work parties every Wednesday at 10:30am (and the first Saturday of the month), Thursday evening guided walks at 7pm (April-September) with a number of themed guided walks and open days throughout the year (check the website for up to date events - www.watchtree.co.uk). Our dedicated cycling facility - 'Watchtree Wheelers' - is open on Fridays (booking essential) in addition we run regular 'drop-in' sessions throughout the year (currently Thursday 4-7pm and Sunday 1-4pm). The cycle centre is equipped with specialist cycles and includes a dedicated one mile cycle track - making this the perfect venue for persons with limited mobility and those who wish to experience the freedom and benefits of cycling, without the hassle of cars!

In 2010 Watchtree launched a membership scheme, the benefits of which include; reduced rates for cycling activities, quarterly newsletter, free or significantly reduced rates at all Watchtree special events and 'out of hours' (daylight) access. Contact reserve staff on 01228 712539 for more information or join online at www.watchtree.co.uk

The reserves rich history, mosaic of habitats and interesting features make it the perfect venue for school and education based activities. We are a 'John Muir Award' provider and also run a dedicated 'Nature Club' for local school children. Over 1000 children visited during 2010! Community groups, societies and other bodies are encouraged to visit whilst reserve staff and directors are often available to travel and talk to your group.
